Consortium Advisory Board Member Duties & Responsibilities

Position Title: Consortium Advisory Board Member
Position Type: Volunteer (Non-Voting)
Term: 2 years (with opportunity for renewal)
Time Commitment: 2-4 hours per month (including a monthly meeting)
Location: Consortium serves North Morrow County; Meetings are held monthly at the Port of Morrow Building at 2 East Marine Drive in Boardman (Meetings may be hybrid/in-person)

Position Overview

The Morrow County Clean Water Consortium seeks passionate, community-minded volunteers for our Advisory Board. As a non-voting member, you play a vital role in bridging the gap between local residents and the Consortium Board. Your unique perspective, local insights, and community connections help shape strategies for improving access to clean drinking water across unincorporated Morrow County.

Key Responsibilities

As an Advisor to the board, your involvement will focus on four pillars:

1. Attend Monthly Consortium Meetings
    - Consistently participate in monthly scheduled meetings.
    - Review meeting materials and agendas ahead of time to prepare for discussion.
2. Provide Feedback and Insights
    - Share diverse, community-centered perspectives on proposed Consortium policies and water projects.
    - Offer constructive feedback on how Consortium decisions might impact local residents and the larger North Morrow community.
3. Support Consortium Goals
    - Collaborate with voting members, technical experts, and fellow advisory members to help achieve Consortium goals.
4. Serve as a Community Ambassador
    - Act as a trusted liaison between the Consortium and your personal or professional networks.
    - Help demystify water quality topics and promote Consortium events, projects and practices within the community.

MORROW COUNTY
CLEAN WATER CONSORTIUM

Qualifications & Desired Attributes

- Background: No formal background is required. We value lived experience and a commitment to the community above all else.
- Passion: A strong interest in public service, water quality, health, or community development.
- Communication: Ability to engage in respectful, constructive dialogue with people of diverse backgrounds and viewpoints.
- Collaboration: A team-oriented mindset and a willingness to listen, learn, and share.

Benefits of Serving

While this is a non-compensated, non-voting volunteer position, serving as a Consortium Advisory Board Member offers significant rewards:

- Make a Tangible Impact: Directly contribute to solutions concerning clean water and the health of Morrow County residents.
- Professional Development: Gain insight into local government processes, board policy, and collaborative leadership.
- Networking: Connect with local leaders, industry experts, and fellow passionate community members.
- Resume Builder: Excellent experience for anyone looking to boost their community service portfolio.

Are you Interested?

If you are ready to help provide solutions to Morrow County's drinking water challenges, please contact a board member or the managing director directly. You may also submit your statement of interest by emailing us at info@mccleanwaterconsortium.org.

The Morrow County Clean Water Consortium is committed to creating an inclusive and diverse advisory board. Thank you for your interest in serving our community.
